

# **CLEANSING WATERS**

(Jill Miller, Rachel Barrentine)

## **VERSE 1A**

I've been hiding behind a mask  
My inner darkness chains me to my past  
Trying to cover all these wretched scars  
But these secrets starve my thirsty heart

## **VERSE 1B**

My sin hits me like a desert storm  
I'm buried under the guilt I can't ignore  
But then You whisper, "Child come to Me"  
"Come to the river where you can be redeemed"

## **CHORUS**

I bring my mess, my brokenness  
You wash away all my shame  
With your blood that makes me whole  
I come to the river where Your cleansing waters flow

## **VERSE 2**

I feel the rushing water on my skin  
Your healing current gives me life again  
The heaviness I've carried drifts away  
I'm underneath the fountain of your grace

## **BRIDGE**

Cleansing waters flow  
Cleansing waters flow
