

# MIDDLE OF MY NOWHERE

(Rachel Barrentine, Deb Drissell)

## VERSE 1

In this dry and distant place  
When my words feel like a waste  
And the silence is killing me  
I wonder if You're listening at all  
When the dust is in my eyes  
And the road is hard to find  
Come remind me You're in charge  
And lead this reluctant heart of mine

## CHORUS

In the middle of my nowhere, You're right there  
When it all feels unfair, You still care  
You remain faithful and true  
In this wilderness You prove  
You will remember me  
In the middle of my nowhere

## VERSE 2

You've been with me every step  
You will guide me to the next  
I refuse to fret and doubt,  
'Cause this whole deal's already figured out  
Take my hand and give me grit  
Don't let me stop before the win  
I'll trust You with all the questions  
Safe inside Your unrelenting grip

## BRIDGE

Nowhere won't last, forever  
Will you forget me? No, never!  
Nowhere won't last forever  
Will you forget me? No, never!
