

ROADWORTHY

(Randall Buffam, Rachel Barrentine)

VERSE 1

Sometimes in this life
We catch a detour
The unexpected
Throws us off course

PC1

But through every twist and turn
You're always faithful
Oh, let our prayer be heard...

CHORUS

Make us roadworthy
With faith that's tried and true
Make our hearts ready
Holding on to You
When life gets overwhelming
Come and lead the way
Make us roadworthy, roadworthy
Faith-filled saints

VERSE 2

There's nothing wasted
When we surrender
You're steering all things
To show Your splendor
You see around the bend
And You're always faithful
Let's take this for a spin...

BRIDGE

Oh, the joy of the Lord is blessed fuel for the journey
The Spirit of God is our guide
When we trust in You Savior, not our own understanding
You'll pave the way for the ride
Oh You'll be our hope on the ride
