

THE MAKINGS OF A MIRACLE

(Rachel Barrentine, Julie Nevel)

VERSE 1

She packed a lunch of fish and bread for her little boy that day
And off they ran to see a preacher man and hear what he'd have to say
Thousands gathered by the sea, they hung on every word
He told them of great mysteries and things they'd never heard

VERSE 2

The hours flew, his disciples knew they'd all be hungry soon
They began to ask everyone around if they had any food
That little boy gave his little lunch and right before his eyes
Jesus gave His Father thanks, and the food was multiplied

CHORUS

He takes the ordinary and makes it great
He uses simple things to demonstrate
His power, provision, and perfect plan
When we bring our broken pieces and place them in His hands
The makings of a miracle like this
Are always in our midst

VERSE 3

Sometimes I'm like that little boy with just some fish and loaves
My gift is small, but when I give my all, He makes it overflow
So once again, when I begin to doubt what I could bring
To my surprise, He multiplies my humble offering

BRIDGE

In the right hands amazing happens
Beyond all we can see or imagine
In the right hands amazing happens
Beyond all we can see or imagine
Or imagine...
